

F-IS FLY

About Us

F-IS FLY is a market leader in private aviation and we strive to provide unparalleled service for our customers. Thanks to our cooperation with the world's top operators, we offer exquisite aircraft at the most favourable prices.

With us, you can be sure that every detail of your flight will be taken care of because our main goal is to make everyone's travel experience as pleasant as it can be. Our specialised brokers are within your reach 24/7, which allows you to call on us at any time.

A BESPOKE SERVICE

Our Approach

We manage to deliver superior service at all times, without ever compromising on quality. The entire process is hassle-free: you can send us a text, email or simply call us to start the booking process.

Even if you book a last moment flight, we'll make sure that our service levels remain at the top of the heap and our experienced crew will make you feel at home.

F-TS FLY

SAFETY

***Our customers' safety is
our priority***

That's why we work closely with operators who are regulated by appropriate authorities and who own a full Air Operating Certificate (AOC). We closely follow and respect the industry standard, including its ethical and financial principles.

With access to all major global destinations, your travel possibilities are endless. After locating the closest jet or helicopter, we can ensure that everyone arrives safely to their desired destination.

Want to be our Ambassador?

By becoming an F-IS FLY ambassador, you can create a successful opportunity for yourself.

If you like making connections everywhere you go, and you're a hard-working, goal-oriented person who loves making sales and living the jet-set life, this is a perfect opportunity for you. Earn money by becoming a part of our initiative.

Thanks to our partnerships world-wide, we have access to many types of aircraft which means you can choose where to fly and what to fly in. Whether it's a private jet, group charter or cargo charter you want, we got you covered.

On top of that, you are allowed to arrive minutes before take-off, and you can forget about queues and delays.
